President & Chief Executive Officer
ORGANIZATIONAL OVERVIEW
“Tiwahe” is a Dakota word for Family. “Ti” means dwelling, “wa” means snow, sacred or purity, and “he” means stands. Tiwahe is a sacred dwelling and represents the value of family.

With family values and lasting ties.
Where mutual support and giving add up to self-sufficiency and sustainability.
Where relationships – among people and even all living things – are supreme.

Minneapolis-based Tiwahe Foundation is a place for giving - and giving back - that benefits the well-being of American Indian people and communities in Minnesota. Tiwahe is a community foundation of friends and supporters — Indian and non-Indian — who have resources, time and talents to share.

The Foundation evolved from origins as a culturally responsive grantmaking initiative of three Minnesota family foundations known as the American Indian Family Empowerment Program (AIFEP). Launched in 1993 initially by the Marbrook Foundation, AIFEP was the inspiration of Markell Brooks. It operated as a donor-designated fund with monies from a collaborative of the Marbrook, Westcliff and Grotto Foundations. In 2009, AIFEP transformed into a new entity, the Tiwahe Foundation. While Tiwahe Foundation is an independent community foundation with its own board of directors, the original Family Empowerment Program remains part of the ongoing work.

For the last twenty years, the Tiwahe Foundation has been on a mission to be a resource for giving and to strengthen the lives of American Indian individuals and their families in pursuit of professional, educational, or cultural opportunities through the distribution of micro-grants in the range of $500 to $2,500.

In 2017, the Foundation successfully completed its first ever Endowment Campaign and secured a nearly $6 million AIFEP (American Indian Family Empowerment Program) Endowment Fund. The Fund will ensure Tiwahe’s ongoing commitment to American Indian individuals and families in the Metro area.

In recent years, Tiwahe has expanded its impact into building capacity through the Oyate leadership network by connecting and supporting American Indian leadership across urban, tribal and rural communities to move from isolation to transformation, collaboration, action and change.
